CAREER OBJECTIVE

A passionate Computer Science Engineering student with keen interest in Artificial Intelligence and its real-world applications. Equipped with solid foundations in programming, data structures, and web development, seeking opportunities to apply technical skills to build innovative software solutions while continuously learning and contributing to impactful projects.

EDUCATION

Ashoka Women's Engineering College, Kurnool B.Tech in Computer Science and Engineering Percentage: 88%	2023 – 2027
Resonance Junior College, Hyderabad Intermediate (MPC) Percentage: 89.6%	2021 – 2023
Sri Chaitanya E.M School, Tadipatri Secondary School Certificate (SSC) Percentage: 100%	2021

TECHNICAL SKILLS

Programming Languages:	Java, Python (Basics), C
Web Technologies:	HTML, CSS, JavaScript, React.js
Core Skills:	Data Structures & Algorithms, DBMS, OOPs Concepts
Database Systems:	MongoDB (Basics), SQL (Basics)
AI / ML:	Basics of Machine Learning, AI concepts
Problem Solving:	LeetCode, CodeChef

PROJECTS

Cafe Pre-Order System	HTML, CSS, JavaScript, React.js, MongoDB
- Built a web app that lets customers browse the menu and place orders before reaching the cafe, reducing wait time. - Implemented order placement, menu browsing, and order tracking with MongoDB for data storage.	
Mireks AI – AI Mock Interview Coach	React.js, SQL (Ongoing)
- Building an AI platform where students can practice interviews and get feedback on their performance. - The system analyzes responses and suggests learning resources to help students improve weak areas. - Uses SQL to store student performance data and track progress over time.	
Stationery Store E-Commerce Website	HTML, CSS, JavaScript, Node.js, MongoDB
- Built an e-commerce website with product listing, shopping cart, and order management. - Integrated MongoDB backend for storing product and user data.	

TECHNICAL SUMMARY

Enthusiastic about programming with a growing foundation in Java, Python (Basics), and C, and a keen interest in exploring full-stack web development through HTML, CSS, JavaScript, React.js, and Node.js. Eager to learn and apply database concepts using MongoDB and SQL in real-world scenarios. Developing a solid understanding of Data Structures and Algorithms, DBMS, and OOPs Concepts, with a habit of practising problem-solving on LeetCode and CodeChef. Also exploring the basics of Artificial Intelligence and Machine Learning to build smarter applications.

CERTIFICATIONS

- Academic Topper of the Year – Secured 1st place at Ashoka Women's Engineering College, Kurnool, for academic performance in B.Tech 2025 and 2026.
- Smart Interview Certification – Successfully completed a structured Data Structures and Algorithms (DSA) course.
- Algo University Certification – Certified in Web Development and Data Structures.
- National Physics Photo Essay Competition (2024) – Secured Top 5 position nationally.
- NPTEL Certification in DBMS
- NPTEL Certification in Cloud Computing
- LeetCode 100 Days Coding Streak – Solved problems consistently for 100+ days
